2	Never used but heard good things.
3	Need more housing and need to get rid of the income guidelines. Understandable if your over 80,000-100,000 but if your barely over and still get denied is ridiculous. Only way youll meet under the guidelines is if one of you (parents) is to quit their job. Need both incomes to support the family.

<b>Question:</b>	<b>Comments - Overall quality of education</b>
<b>Response Rate:</b>	<b>42.86% (12 of 28)</b>
1	sitting bull has been a great educational and college experience for me
2	amazing and supportive
3	Sitting Bull College is a great place to learn and make friends all while getting the degree one desires, I would highly recommend it whenever someone asked about it.
4	Sitting Bull College wasn't my first choice, but now I wouldn't choose any other college. The staff made it very easy to enroll and apply for funding. The instructors are always accessible and provide hands-on learning, which is the best thing about the environmental science program at SBC.
5	Satisfied, The teachers and staff are always so polite and friendly, and very helpful when I'm in need of assistance.
6	N/A
7	My time at SBC is the best time of my life. I never thought I would be graduating in college and I AM!!!! I cant thank SBC enough!

8	I wish SBC had an RN program; the LPN program is advertised as a 2 year program but takes 3 years to complete with generals not included. I ran into issues with funding because I had exceeded the credits allowed for a Associates degree. I often had to take filler classes to be full time when nursing courses could have been taken, but only certain courses are offered at specific semesters. Example if a student fails a course in the fall they have to wait till the fall to try again.
9	I learned a lot and feel competent in my degree.
10	I feel I have learned so much attending college here.
11	Great instructors, great content, I just wish there were more online courses offered. Or the same courses, but online being an option. I cannot quit my job and live off of a stipend, I also cannot work part-time and be expected to make ends meet either.
12	10/10 recommend

4	I would like to add that this has been the hardest year of learning and I found myself feeling isolated through the Covid pandemic, learning has changed and will continue to change. However, I miss the old technique's of teaching when we practice our hand writing and not our typing speed, and learned thing's by applying ourselves and being given first hand directions on how to perform, or simple trial and error. Practice and experience has become lectures, reading and little to no direct applications of the skills being taught. When I entered this degree I though there would be some direct assisting involved to help educate the student in their area. I was a little disappointed.
5	Great school keep up the great work!
