1	SBC or UMARY
2	Northern State University or Black Hills State University to complete my Masters in Social Work
3	N/A
4	I would be continuing my education at sitting bull college.
5	I will be unemployed I will work one fulltime job as a bartender and a part-time job subbing for the school district I live in all while being a fulltime student at SBC
6	I plan to transfer to a place where they will accept my credits from Sitting Bull and can get my RN degree. The one place I know that will take my credits at the moment will be Presentation in Aberdeen, SD. I think I would like to go to a college in ND. So I would have to look for one.
7	I plan on returning to college to further in nursing.
8	I later plan to go into cosmetology school

9	Antioch College Possibly continuing at Sitting Bull College

Question:	Comments - Registrar
Response Rate:	60.00% (12 of 20)
1	they are important to the students, if they need help, they go to them.
2	They are very helpful
3	The staff members involved are very professional and friendly. They can point you in any direction you need to go.
4	The registrar does alot of work and I appreciate their role in helping me apply to Sitting Bull College.
5	Registrar office is very patient and helpful. I've had nothing but positive experiences with them.
6	Registering into classes Is very satisfying because I know that I'm going to further my education.
7	None thank you
8	No comments.
9	My first semester was better with the hands on and meeting Kaylie and Lindsey they kept us informed about all things and made stuff fun. Kaylie ensured we all knew what we were doing when it came to financial aid. It kind of dwindled off since then, reminders of stuff less frequent.
10	I think there should be more education at registration like a tour and the importance of scholarships and financial aid. A lot of people do not know about these services and how to do them. There should be another set up during registration to show new students this and help them.
11	I think at registration they should let students know about scholarships and where their classes are and what building is what so they know where to go.
12	I appreciate the level of helpfulness in completing the registration process. You guys make this process painless and thank you for always being so kind.

Question:	Comments - Financial Aid

3	When Dakota was still with SBC, she was AWESOME! She did everything in her power to help the students. Donna is also very appreciated, she does so much for our students. She is GREAT! I had minimal interaction with Kaylie, but she seemed very nice and willing to help in any way that she could.
4	The financial aid workers are super understanding and helpful, considering how stressful finances can be for students
5	It can be hard to fill out but grateful for funding
6	I think during registration they educate the new students that you are only granted so much fafsa in your lifetime and how important it is to get good grades.
7	I love that loans are not an option that hurt me the first time I attended college, I also understand this is a TCU College and therefore financial aid that is discussed and offered and focused on is for Native American students, but I am not enrolled, nor am I Native American.
8	I did not know how to read it accordingly at first, but now I do.
9	Financial Aid is very helpful in helping me find funding, lessening my stress through out the semester.
10	Financial aid is very important because it helps fund me while I am in school so I am able to focus on my kids and college. I'm already a full time student and parent I will struggle trying to work full time to make ends meet.

Question:	Comments - Public Transportation
Response Rate:	35.00% (7 of 20)
1	transit is awesome for those student who don't have vehicles, they can come and take transit to class when needed.
2	it is nice to have transportation for those who may need it
3	The public transportation is very helpful for those in need of rides which is very compassionate because not everyone can afford a vehicle. It is a free service which is very considerate
4	Riding the bus with my homies from school was a humbling yet enriching experience. We used to beat box, rap, take very uncomfortable naps, and reluctantly gave up our seats so others could sit next to us. I sort of miss riding the bus to and from school. It was tough during the winter because you got on the bus when the sun wasn't up yet. Then you got home off the bus and the sun was already down. No doubt a definitive depressing time during my course of riding the transit.
5	Public Transportation very important for people who need help getting to college
6	I haven't used this service but it sounds like they do a very good job.
7	I don't use the public transit. I have my own vehicle.

2	Sitting Bull College is definitely the place to go to get an amazing community college experience. The staff members are friendly and helpful. The classes are not too little or not too big. The instructors teach super hands on because of the class sizes. And there is always something positive happening on campus!
