

Purpose of Sunday Academy

The purpose of the Sunday Academy is to generate an interest in math, science, engineering and technology among the high school students through involvement in hands-on/minds-on activities.

Eligibility:

All area high school students are eligible to participate in the academy. Students must be approved by their high school science teacher and have parental consent.

Established Program to Stimulate Competitive Research

SBC/ND EPSCOR:

**McLaughlin High School
Selfridge High School
Solen High School
Standing Rock High School
Wakpala High School
Sitting Bull College**

SBC/ND EPSCOR

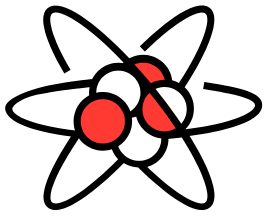

SBC/NDSU/ UND Sunday Academy 2024-2025

**Brighter Futures- Better
Tomorrows!**

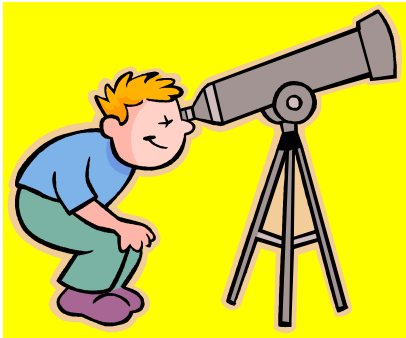

Sponsored by:

**Sitting Bull College
ND EPSCoR
North Dakota State University
University of North Dakota**

Expected Outcomes:

- Attracting more high school students into math, science, engineering and technical careers
- Improve problem-solving skills of students entering tribal college math, science, engineering and technology programs.
- Improving the understanding of the importance of math, science, engineering and technology principles.

Students Will:

The students will be given an opportunity to meet together in an informal friendly atmosphere at Sitting Bull College and be presented with day-to-day problems involving standards-based math, physics, chemistry, engineering and technology. The instructors are a team from North Dakota State University, University of North Dakota, Sitting Bull College, and local high school instructors.

Student Incentive:

Each student who attends and participates in these sessions will be eligible to receive a stipend based on participation of \$30 per session. Other awards will be prorated on students record of attendance and participation.

When:

Sunday Academy dates:

September 22, 2024

October 27, 2024

November 17, 2024

December 8, 2024

January 12, 2025

February 9, 2025

March 23, 2025

April 13, 2025

Sessions will meet from 11:00 am to 3:00 pm CT at the Sitting Bull College Science and Technology Center in Fort Yates, North Dakota.
