Question:	Comments - Financial Aid
Response Rate:	31.82% (7 of 22)
1	They encourage students to apply for all these different scholarships and yet don't consider giving that scholarship which the student applied for. I think that should be changed because you're wasting that student's time having him or her fill out the application.
2	The person who works in the financial aid department is very helpful!
3	The financial aid coordinators are great at their job. Donna found me scholarships that awarded me in my field and applied for them for me. I am thankful to have staff that will go out of their way to make sure students are taken care of.
4	I feel that a student who applies for other scholarships should be entitled to that. They took the time to apply and when the scholarship is sent back because needs are met. The student feels they should not apply for any scholarships because they feel its a WASTE OF TIME. I believe that being more financial stabling to our students who are on time for class and show up should be recognized for that and rewarded with the extra funding they do apply for. there are students who don't take inconsideration on how important their education is because they are struggling to make it each month. so they would rather go back to work and not FINISH.
5	Donna is very helpful and will find funding for students.
6	Donna is the best-she is just the BEST!
7	Donna has been really good through out my time here at SBC. She is open and willing to help when I have needed it.

4	I was aware that the college had counselors but I'm glad they are available to those who need it.
5	I love how Tiffany Baker works with students .
6	Having counselors is very important, especially because college can be a stressful time and a stressful transition for some. I haven't used the services myself but I hope they are more than helpful to the students that do use those services.
7	Do you mean emotional counseling? This question should be more specific, there are counselors for many things. Counselors are important.

Question:	Comments - My Advisor(s)
Response Rate:	27.27% (6 of 22)
1	They were always good to me, they helped me and got the job done quickly.
2	The only thing I wish I would have done differently is the semester I couldn't take methods courses, I would have taken early childhood credits since they are a 200 level class. I only took 1 class that semester so I felt like I didn't use that time very well.
3	Roxy has been one of my main advisors, and has gone above and beyond with being a wonderful help. She has gotten me into the classes I need to get me through my degree. She even stepped up Spring of 2016 and helped with final registration when I was induced to have my baby early. She then brought my books to me in the hospital. Without her help and everyone being so understanding of the situation I don't think I would have been able to start classes and be registered for the spring.
4	My advisers were always easy to contact and always helpful when I needed them.
5	I've had a few different advisors throughout my education experience at Sitting Bull College. Some were encouraging and some not.
6	Does a wonderful job at assisting me.

1	love it
2	Very helpful when I need a book for a certain class.
3	The bookstore is very nice and has a lot of merchandise to offer it's customers but I feel that the bookstore manager is not available a lot of times and the times when she is she is very unwelcoming and will judge people by the way they look. For example, telling her workers to watch certain customers because they smelled like the campfire.
4	Books are to expensive. I go to Amazon.
